

Check List:

1. Service Description

Please email us your required mark including the following:

1.1. Technical drawing

The importance of such document enables Fimark to start evaluating the amount of required work and get back to you with a solution. Below is an examples of a technical drawing which describes laser marking needs as well as technical spray painting requirements.

Fimark will also use this document to produce the required art work to then being able to process your item.

1.2. Material type, item description and picture

The material type is a critical information for Fimark to know in order to evaluate which process will be used to perform the required task.

Also regarding the nature of the item, you can either describe it with relevant measurement and explicit terminology or simply send us a picture.

1.3. Amount of items to process

Please provide us the full amount of items to be processed in order for use to quote you a precise price.

1.4. Contact details

Do not forget to include your contact details including:

- Company name
- Contact name
- Contact email address
- Contact phone number

1.5 Expected Turnaround

Please specify your expected turnaround in working days. If you need a fast turnaround please specify it clearly.

Looking forward to receive your email. We will then get back to you with an appropriate and tailored solution to your needs.

Remember if you do have any questions please contact us either by phone or email.
